

8Ah Battery

Part No. BB-12

Features

- Sealed lead acid design
- Constant voltage charge (at 25 C)
- Quick connect or solder terminals
- Two year warranty

Technical Specifications

- 12 Volts DC
- 8 Amp Hours
- Size: 3.75" High x 6.0" Wide x 2.5" Deep
- UL Recognized

Charger

Part No.: LACB-500-12

Features / Technical Specifications

- Class II power supply
- 5 foot electric cord - White stripe is positive
- LED indicator - Red means battery is charging
- Green mean battery is fully charged
- Size: 2.687" High x 2.19" Wide x 1.685" Deep
